TUXEDOS

Let's begin planning for that big event with the formal attire that this event calls for.

It all starts with a tuxedo that you can either rent or purchase. Not just any tuxedo, but a tuxedo that will surely raise some eyebrows and garner lots of attention. This is where we begin setting your "look".

As you will quickly see this Look Book contains a vast array of tuxedos for all tastes to choose from including top designer names such as Ralph Lauren, Perry Ellis, Calvin Klein, Lord West, After Six, Jean Yves and Ike Behar.

Each of these quality garments range from traditional to ultra hi-style design. Our tuxedos provide something for everyone.

So, review these pages and discuss your selection with your sales professional to ensure the right size and best fit for you.

Once you make your tuxedo selection you can then begin to accessorize and personalize your formal attire.

VESTS

Now that you have made your tuxedo selection, it's time to enhance your appearance by accessorizing. And there is no better way to do this than with the selection of a vest.

Here's where the fun really begins as there are so many vests to choose from. With lots of designer patterns and loads of colors to look at, you want to select a vest that will surely compliment your tuxedo.

You should know that many prefer to wear their tuxedo jacket open and in so doing emphasis is placed on the vest.

Therefore, the vest selection is extremely important as this is the item where you can begin coordinating your total look.
